SAM HOUSTON

"The Measure of a Life is Its Service"

On the second day of March in the year of Our Lord, seventeen hundred ninety-three, a tiny infant, compounded perhaps of a ray of starlight and a bit of earthen clay, entered the home of Elizabeth and Sam Houston.

He was named for his father, Major Sam Houston.

As he grew, he mingled with a nearby tribe of Cherokees, acquiring their love of nature and of the out-of-doors,—was accepted as one of them.

Then came political ascendency—after a campaign against the British in the War of 1812—and in 1827 he was elected Governor of his adopted state, Tennessee.

Seemingly, however, tragedy overtook him. In 1829 he married Miss Eliza Allen, but within a few weeks after the ceremony he left her and retreated to live with his Indian friends. Countless have been the speculations advanced as to his reason—the answer lies locked in his breast beneath the waving pines of this, his beloved home. . . .

Three years after his retreat,—in 1832,—a handsome, keen-eyed, 39-year-old pioneer sat astride his horse at the line dividing the Mexican territory of *Tejas* from that of the United States.

Suddenly, with eyes which looked ever forward and onward, and a mind which contemplated the majesty of the hills and valleys, the plains and forests before him, the man who held in his hand the opening chrysalis of the destiny of one of the greatest states in the Union, penetrated inward.

Toward the stars,—toward San Jacinto,—toward immortality;—to avenge the yet unperpetrated horrors of the Alamo and Goliad; the deaths of Travis and Fannin;—to give unto Texas a heritage of glorious freedom for all eternity.

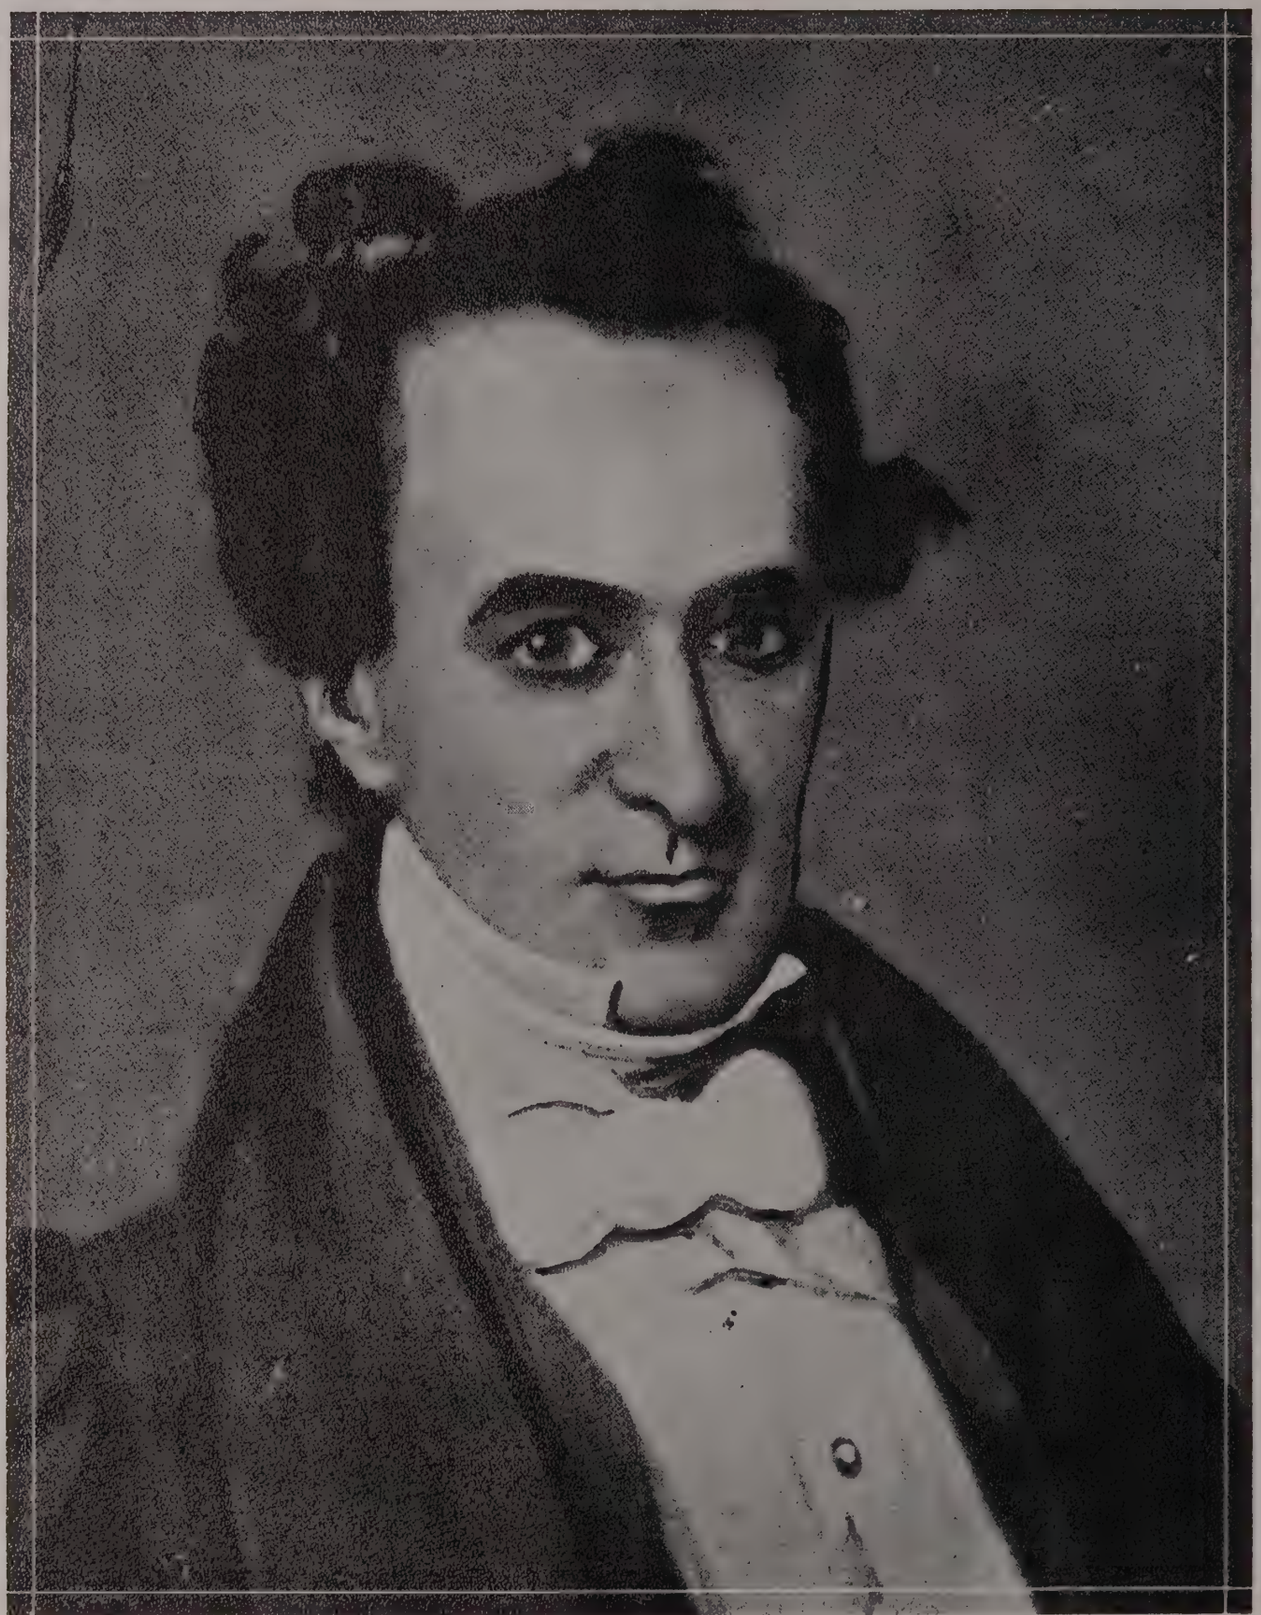

After freeing the state from Mexico and nurturing its precious life in its early existence, General Houston, in later years, defended his beliefs as to what course the young state ought to pursue with the same fortitude he had displayed in risking his life amidst thunder and fire, shot and shell, at her conception.

In 1861, he abandoned his office as Governor of Texas rather than lead her against the Union in civil war. It was a bitter step—one which called forth hisses, epithets of "Traitor!", turning friend into foe. Yet, forgetful of self, he sturdily opposed even his friends for Texas.

Two years later, he gently fell asleep, with his beloved wife, Margaret Lea Houston, by his side.

THE SURRENDER OF SANTA ANNA

FACULTY

To the Class of 1936:

In the name of Alma Mater I extend congratulations to the graduating class of this, our Texas centennial year. Yours is a rare distinction. Your graduating year is significant, not only in its chronological coincidence with our centennial anniversary but also and chiefly in the memories of our heroic past which the centennial evokes and the inspiring lessons of patriotism which it impresses. These memories and these lessons have been interwoven into your college life. As students of the institution that bears the immortal name of General Houston, you have lived in close proximity to the old home and the grave of our warrior-statesman and in an atmosphere fragrant with reminders of pioneer days.

On the walls of the spacious foyer of a great museum in New York City is an inscription which I commend to you as you leave "these hallowed student halls" for new scenes and new responsibilities.

"Be practical as well as lofty and generous in your ideals. Keep your eyes on the stars and your feet on the ground.

"Courage, hard work, self-mastery and intelligent effort are all essential to a successful life.

"Character in the long run is the decisive factor in the life of individuals and of nations."

Power to you, my young friends, as you "follow the gleam." Alma Mater charges you to build worthily upon the foundations laid by our fathers and to do your part in speeding the day when Texas shall rank first not only in area and natural resources but also in the righteousness, intelligence and happiness of all her citizens.

Cordially, your friend,

Harry F. Estill.

Mr. O. E. Barrett

Mr. H. A. Turner
Secretary to the Board of Regents

DEAR STUDENTS:

The year has passed, quickly for some, but far too rapidly for most of you. "Can it be over!" is the exclamation of faculty and students. The reason for the apparent swiftness in the passing of time is the growing happiness which wells up in the heart because of your pleasant sojourn here.

Your instructors have manifested an affection for you because of your sterling worth and the possibilities which they see for your future development. They appreciate your efforts as manifested in your reactions to their direction. They see in you the bulwark of the civilization which is to be.

You have formed friendships among the faculty and your fellow students which will be of value to you to the end of days. The events of your college life, even the most incidental, will not only linger in your memory, but will grow and be enhanced by the years. As ex-students, you will place a halo about your Alma Mater and to her ascribe all the worth of days.

It is the sincere wish of my life that you be happy and ready to make others happy, and that a great wealth of satisfactions shall be yours.

Your friend,

J. C. MCELHANNON.

Because of his leadership, "Dutch" Holzheuser is well known on the campus. He has been the ideal Student Assembly President. He proved his ability as a speaker on March 2nd when he represented the senior class at the centennial celebration. His graduation will cause a loss of a great athlete, a leader, and a popular student to our college.

Willard Frandolig quietly entered college but has become popular with both the students and the faculty. Sam Houston State Teacher's College needs more capable and unassuming men like Frandolig. He was elected to "Goodfellows," which is one evidence of his popularity.

Margaret Beason has won popularity through her personality. She is President of the Caroline Belvin Literary Society and a member of several honorary societies. Another position that she holds is Editor of The Alcalde, to which she has put forth every effort to make it a success. She is what is often classed as an "ideal student."

Houston Fannin would have been popular if he had done nothing except print the Houstonian each week, but his personality and genial air have made him a goodfellow on the campus. He has been an invaluable asset to student publications on the campus.

As snapshot editor of The Alcalde, C. C. Springfield cannot be surpassed. He is always cooperative in every way possible. To him we owe thanks for a large portion of the snapshots used in this yearbook. He has been invaluable on the campus the entire time that he has been here. Proof that Mr. Weatherall and Mr. Thomas went to Houston once.

o

There they are warming the bench again — but this time in the capacity of Coaches.

o

Eclectic Initiation Day —Cruse hasn't looked this cute since.

o

Van — still a familiar figure on the Campus.

o

Mr. Clark, the power behind the March 2nd Celebration.

Sam Houston Boosters at the Beaumont Game.

o

Mary Clem and Opal looking for a ride — is Mug contemplating flight?

This is how the Special looked before we went down there — we're not saying how it looked when we got back.

o

So that's what we went down there for!

o

And the Green Cadets come marching along.

□ □ □

That traditional rush to classes.

o

We owe this gateway to donations of classes.

o

The smile on the faces of the seven henchmen indicate a big Saturday night ahead.

o

Tommy has ahold of the gasoline pump instead of the hot air pump which he should be holding to, or maybe he has plenty already.

o

Six Y. W. members turning out in full sway.

o

Ed, you look a bit out of place with that coat on.

o

Mary and Opal seem to be having a time trying to catch Phillip.

○

Here's that good old hill that we trod up and down many times a day.

□ □ □

□ □ □

Just friends. Is Lois posing for the camera or praying for another special train?

o

"Little muscle" Williams with her captain-elect, Martin Sorsby.

o

Mary Clem has a whisk-broom after Tommy instead of a rolling pin. Maybe she is trying to sweep him out of her life.

o

Jack Clark and Bonnie Patton look mighty happy, but we wonder if her smile wouldn't go away if Red walked around the corner?

o

Things look better for Sonny and Inez since the competition dropped out of school.

o

Years may come and years may go, but still we find that faithful couple, Red and Anna Margaret.

o

May we present to you, Dutch Holzheuser, one of the nobility of the campus, and his future wife, Doris Hardie?

o

"Von" Frandolig in one of his happy moments detaining our editor, Mug Beason.

o

Mr. and Mrs. Baker were out to see the snow, too.

o

Bonnie and Red looking at the world through rose-colored glasses.

o

What's the matter, Nell, don't you want your picture taken?

o

Opal seems to be getting the worst end of the deal but doesn't seem to mind it very much.

o

It is a shame that the Gibson - Smither romance couldn't have lasted. We have recorded this as another "has been."

o

Corine is practicing on Clarence, but her life's ambition is to kneel at the feet of Denny Collins.

□ □ □

□ □ □

THE DAY IT SNOWED

This must be the lull before the snow fight. Personally, we lay our bets on Bennie Simons.

o

That trio from Crockett. Nell is trying to fool us with that sweater, but we know it stands for Normangee instead of Navasota.

o

We'd hate to be on the receiving end of that snow ball. R. B. has a mighty determined look.

o

Roll her in it good.

o

The park looked mighty pretty that morning with everything covered in snow.

o

Houston Hall out in full revue to take in all the snow fights.

o

Bill is trying to make up with the ladies after giving them both a good bath in the snow.

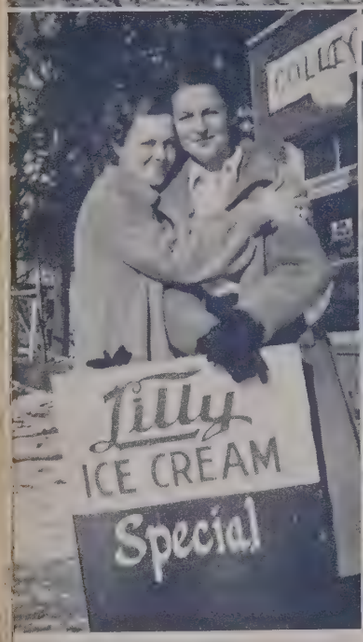

The Main Building looks pretty on top of that snow-covered hill.

○

Special to the public—Opal and Mug planning who shall be their next victim of a snow fight.

○

Better hurry and rub it in, Tommy and Bill, or Opal will be running home.

○

Fan Leigh, with that tooth paste grin, must be having thoughts of Charlie.

○

Charlie looks natural posing with two girls.

○

Just another fight.

○

○

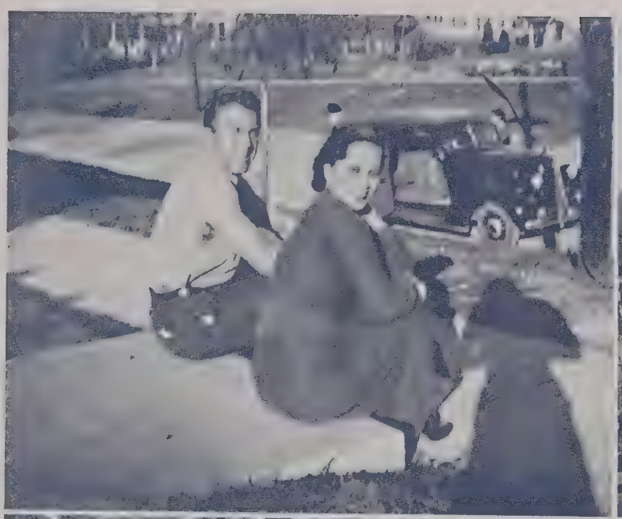

It took the snow to get the whole Davis House out at one time.

Here's the traditional fountain where many romances have been begun and ended.

o

Lee Beeson, who has to think of his position on the campus before associating with the common herd.

o

Caught in the act of beautifying themselves before their daily appearance into the Co-Ed.

o

Classes are out.

□ □ □

ATHLETICS

Newly appointed to the position of head varsity football coach, H. O. "Molly" Crawford has served Sam Houston State Teachers College as track coach and line coach since 1929. Since that time he has turned out several all-conference lines and two of the most outstanding track stars of this conference in the past fifteen years.

Coach "Molly" came to Sam Houston from San Angelo high school where he had coached for two years, having graduated from Austin College at Sherman in 1927.

Captain of the 1925 football team at Austin College, he was awarded the Pete Cawthon trophy as the college's most valuable player.

He was also captain of the baseall team and president of the "A" organization and student council.

This year, after a change in the coaching staff at Sam Houston, he was promoted to the position of head varsity football coach, with Ernie Koy as assistant backfield coach.

With a great increase in the number of football aspirants and an impressive array of versatile freshman talent, Sam Houston will be able to put a first-class, well coached team on the gridiron this fall.

SAM HOUSTON 0—NACOGDOCHES 33

Clouds on the Sam Houston football horizon, which had grown blacker and blacker throughout a gloomy season, assumed an ominous hue as a preface to the traditional fur-tearing scrap between the Lumberjacks and the Bearkats—a game which ended in favor of the Lumberjacks 33–0.

The Austinites were primed for the Orange and White as the curtain fell on the football season.

For five minutes the game went the Bearkat way. A series of passes and a couple of end runs placed the ball on the 'Jack's 5-yard line, but calamity came along in the person of a fumble and the Loggers took the oblate apple and went for a log-rolling for the rest of the game.

Flagstaff, Freeze, Mills, and Bailey led the riot. All that remained for the Bearkats after the game was a moral victory and a determination to even the count in '36.

SAN MARCOS 19—SAM HOUSTON 0

The Bobcats stole the button and the second conference game from the Bearkats in San Marcos. Kaufman and Germer, giant Bobcat tackles, blocked punt after punt that would have brought relief to the Orange and White.

"Dike" Rose and Oscar Huggins excited some comment from opposing sports writers in their losing throws.

The boys' guns had been primed for the Bobcats. The score is no indication of the tenor of the game.

EAST TEXAS 26—SAM HOUSTON 0

A Bearkat eleven, scarcely the skeleton of pre-season form, bowed to the champion East Texas Lions in the first conference battle. W. Etheridge and Defee led the visiting lineup across the goal in every quarter but the last. Local hopes rose once as the second half opened with a refreshed squad throwing the big Cats on their heels. The pluck of Martin Sorsby at tackle, Sam Lefkowitz, end, and Cotton Heft at guard was outstanding.

As in other games, the slim shiftiness of Quinn and the educated toe of Fred Clark were sadly missed.

NORTH TEXAS 20 — SAM HOUSTON 0

Bouncing back from a 9–7 defeat at Nacogdoches, the North Texas Eagles followed Johnny Stovall to victory over the valiant Bearkats in Sam Houston's closest fight.

For three quarters the teams struggled scoreless in a great game. Late in the last period Stovall stepped into the open and raced 45 yards across the goal. Frantically, the Bearkats took to the air and two passes were intercepted in rapid succession for additional Eagle touchdowns.

Ace Howell at tackle and Sam Lefkowitz at end added honors that led to their mention later as all-conference material.

A. & M. GAME

In a stiff north wind, the Bearkats bowed to a determined bunch of A. & M. Cadets, 25–0.

The Kats held the Aggies to a six point lead at the half but after seeing their 150 piece band parade at half, the Maroon and White gridsters came back strong to run across two touchdowns in the third quarter and one in the fourth.

Sam Lefkowitz and Oscar Huggins, sterling ends, and Martin Sorsby were pillars of strength in the line, while Bob Madeley, Lee Beeson, and Curtis Rose shone in the backfield.

ABILENE CHRISTIAN COLLEGE GAME

With one of the fastest and lightest squads of all years, the Bearkats opened their 1935 football season with a decisive victory over the Abilene Christian College Wildcats 32–0. Predicted as underdogs, the Felines flashed a new double-wing back formation which kept the Christians guessing.

Charlie Quinn, speedy Texas U. transfer, rated as the fastest man on the Bearkat squad, made the first touchdown from the twelve yard line, taking a beautiful lateral from Beeson. Quinn converted the extra point.

A few minutes later Quinn again took the ball and galloped forty yards behind perfect interference for the second touchdown.

Delton Coe, hefty end, snagged a Bearkat pass to carry the ball over for the last marker.

Outstanding linemen were Coe, Martin Sorsby, tackle, and Bill Terry, guard.

ADA TEACHER COLLEGE GAME

Charlie Quinn, sensational sophomore, stole the spotlight when the Bearkats toppled the highly-touted East Central Teachers of Ada, Oklahoma, by a 14–13 score.

Quinn ran across the first tally after taking a low Tiger punt on the Bearkat 48 yard line and ran through the entire Teachers team for the touchdown. Beeson converted the extra point which later proved to be the margin of victory.

From then on it was all Quinn. When Howard, a speedy Tiger back, intercepted a Sam Houston pass and was out in the clear, Charlie overtook him on the ten yard line to make a beautiful shoe-string tackle.

Early in the second quarter all Bearkat conference hopes disappeared as Quinn was knocked off his balance while in midair attempting to bat down a pass, twisting his knee as he fell. Charlie was unable to play more than a few minutes in the last two games of the season.

After the Tigers had put across a touchdown in the third quarter, Sam Lefkowitz took a Bearkat pass and raced twenty yards for the last touchdown.

An intercepted Bearkat pass was turned into a touchdown for the Ada Teachers, the try for extra point failing, giving the Orange and White a one-point margin of victory.

LAMAR GAME

Badly crippled by heavier opponents in previous games, the Bearkats took a 16–0 licking from the Lamar Junior College at Beaumont.

It just was not Sam Houston's night to play good ball. With a bewildering array of double and triple laterals, the Lamar Cardinals pushed over the first touchdown in the opening minutes of the first quarter; in the second half a field goal added three points; and a recovered Bearkat fumble made possible the second touchdown.

Bob Madeley, Conroe Comet, was outstanding for the Kats, making the only gains made by the Felines.

A special train was chartered for the trip and nearly 250 rooters accompanied the team.

SAN MARCOS 51—SAM HOUSTON 45

The Kats lost a stubborn, hard fought game in an extra period battle to the San Marcos Bobcats in San Marcos. The final score was 45-51, with the Cheaneymen adding an unexpected last minute punch.

San Marcos' all-conference Phillips led their score spree with twenty points.

Jack Williams, Billie White, and Mack Runnels were high point men for the Kats.

San Marcos led at the half 26-17, but the Felines came back to tie the score at 41-41 as the game ended.

EAST TEXAS 28—SAM HOUSTON 18

Slowed up by extreme cold weather, the East Texas Lions walloped the Bearkats at Huntsville 28-18. Both teams were listless and the game was a humdrum affair, the Lions drawing away from the Kats in the last half.

Connor, ace sorrel top captain of the East Texans, led the scoring with ten points.

Bunting, Broom, and Lefkowitz were outstanding for the Felines.

NORTH TEXAS 25—SAM HOUSTON 22

Bearkat basketball stock took another drop when the Felines lost to the North Texas Eagles, 25-22 at Denton. After trailing 13-10 at the end of the half, Sam Houston overhauled the Eagle lead and clung to a 21-20 margin with three minutes of play. Then Charley Turner, Eagle forward, tossed in a long shot, followed by a crip shot and added a free toss to ice the game for the North Texans.

Invading North Texas for a series with Commerce Teachers and the Denton Eagles, the Bearkats dropped the first tilt with the Lions at Commerce 31-24.

Buster Love, Bearkat forward, led the Feline attack with four field goals and a gratis heave.

The Lions jumped into an early lead and were ahead 20-14 at the half. Still threatening, the Kats brought the score up to 22-20 at the beginning of the second half but the Lion basketeers tossed in several long shots to spurt ahead of the Felines, taking a lead they could not overtake.

SAN MARCOS 30—SAM HOUSTON 32

Tossing all evidences of other defeats to the four winds, the fighting Bearkats came back to win one for their coach, shooting a field goal in the last two seconds of play to win over the San Marcos Bobcats in Huntsville, 32-30.

Before the game, the squad dedicated the game to Coach Jones who was seeing his last basketball game at Sam Houston. The Kats took an early lead with two goals and a free throw but the Cheaneymen came back to freeze the score with gratis tosses. At half the score was tied 16-16. Lowe, Runnels, and White were outstanding for the Kats.

STEPHEN F. AUSTIN 41—SAM HOUSTON 22

Laying down a devastating last half barrage that the Bearkats failed to subdue, the Stephen F. Austin Lumberjacks won a rough and tumble battle from the midget Sam Houston quintet 41-22 in Huntsville.

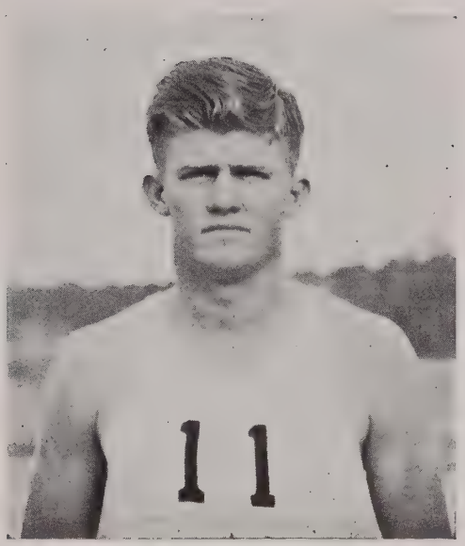

Mack Runnels, stellar Bearkat guard, looped a long one to end the first half 13 all. Having lost Captain Sam Lefkowitz in the first half, the Felines barely eased ahead until the speedy Runnels also went out via the foul route. The Jacks then breezed through the game, shooting goals at will.

Opening the second half of their basketball schedule on their home floor, the diminutive but hard fighting Bearkats lost a hard fought tilt with the North Texas Eagles 32-28.

Up to the last ten minutes the Kats led by two points but were unable to overcome a last minute Denton rally.

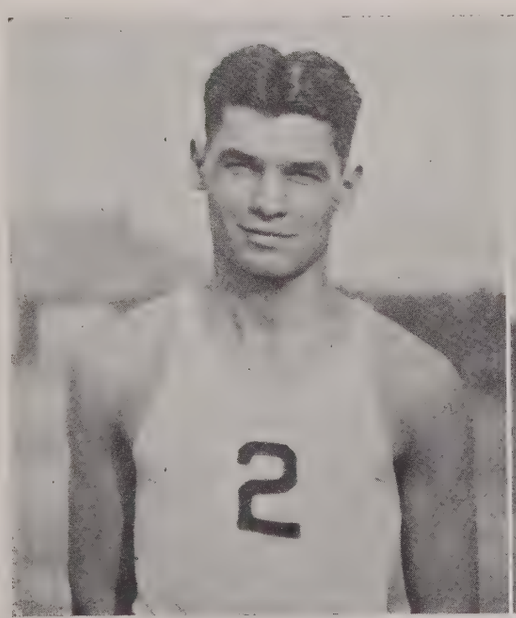

The Orange and White led at the half 15-14. Sam Houston's inability to make free throws proved to be their undoing. Thirteen gratis tosses were missed. With thirty-seven personal fouls registered the game was the roughest to be played here.

STEPHEN F. AUSTIN 38—SAM HOUSTON 22

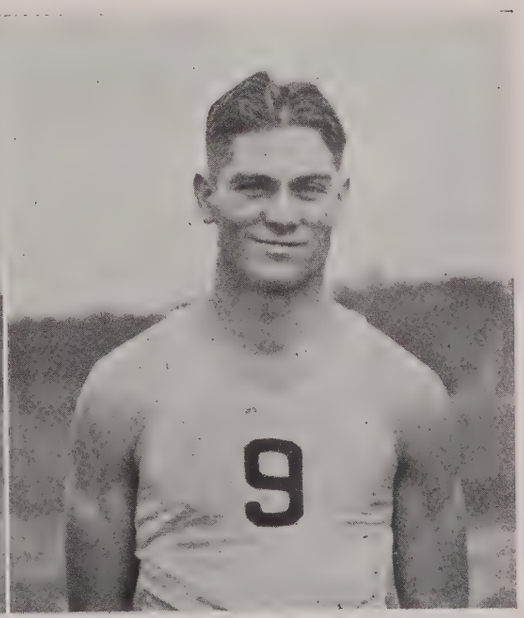

Throwing the Lone Star Conference basketball race into a three-way tie, the Bearkats lost to the Stephen F. Austin Lumberjacks at Nacogdoches, 38-22.

The Axemen jumped into an early lead which the Kats never approached within eight points. At the half the Jacks held the upper hand of a 20-11 margin.

TENNIS

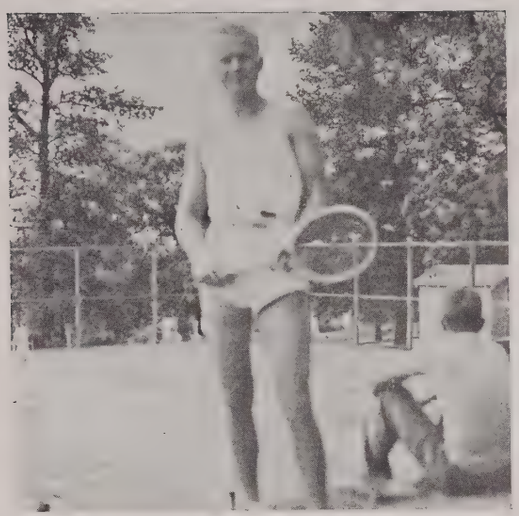

"Dutch" Holzheuser

Coach Joe Kirk's tennis squad for the season of 1937 will be closely centered around the veterans of this year, Nickelson, Bates and Bunting. Freshmen Hluchan, Sanner and Butler will come up from this year's "Slimes" and with such stellar racqueteers as these, the inter-club competition for next year should be at its highest peak. Therefore, the Kat racket-wielders for next season's conference competition are serving notice to opponents that they will finish higher than third place in next year's conference meet.

TENNIS

JEFF NICKELSON

The Bearkat tennis squad in 1936 has been the brightest spot on the athletic horizon. A lean year in football and basketball caused interest to run unusually high in Coach Joe Kirk's racqueteers. Though the Conference meet held in Nacogdoches May 4–5 came too late for this recording, Captain R. L. Bunting and his teammates can well be proud of the spring's accomplishments. The team divided victories and defeats evenly in six meets. Falling before them were squads from East Texas' Lions and Stephen F. Austin's Lumberjacks, whom the Bearkats twice defeated. In the regrets column came meets with Texas A. & M., Ada Oklahoma Teachers, and Southwest Texas State Teachers at San Marcos. River Oaks, too, is an unpopular name with the boys.

Bunting watches the result of his first serve to Holzheuser.

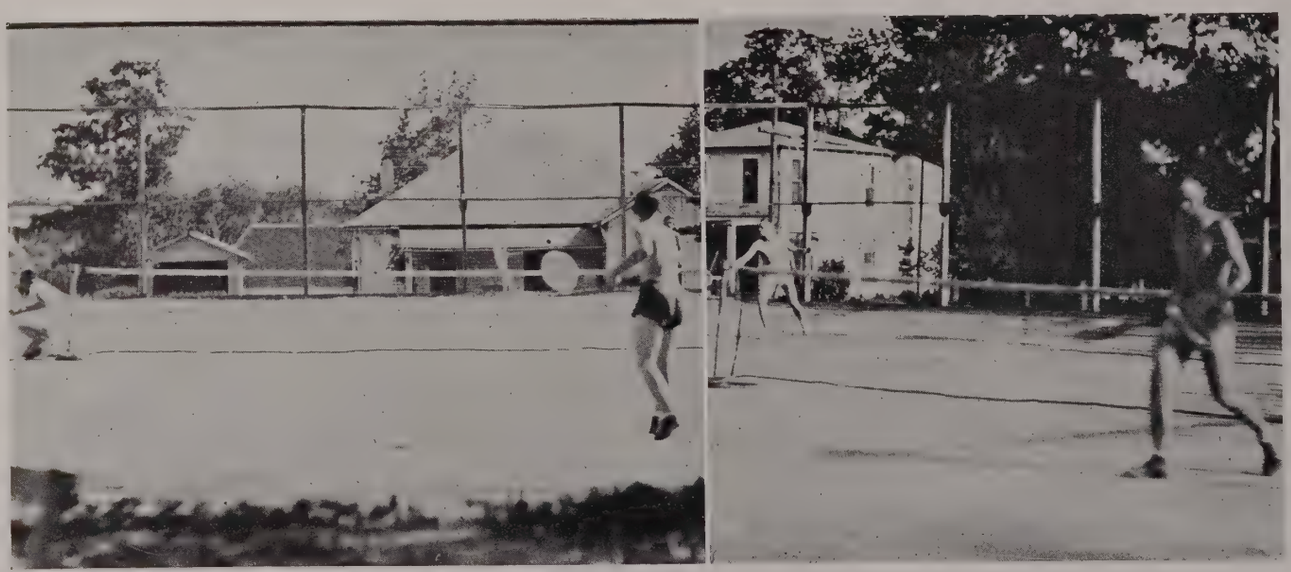

TENNIS

PERRY M. BROOM

Bunting was ranking netman of the team, following in the footsteps of Brother Edison. Jeff Nickelson played in the second position and teamed with Bunting to make a fast number one doubles combination that lost only one match, and that to the whirlwind pair from Oklahoma. Perry Broom played in the third position and teamed with Aubrey Bates, number four, to win every doubles match but two. "Dutch" Holzheuser rounded out the squad and provided inspiration by trimming "Baby" Bunting occasionally in singles.

The Bearkats' most decisive victories came from the team we love to win from—Nacogdoches' Axemen. The Felines took them 6–0 in Huntsville on April 16. Three days later they repeated the process in all but the fourth singles match on enemy courts.

After winning only the doubles from the Aggies in the season opener March 26 and dropping six matches in a row to the Oklahoma visitors on March 28, Coach Kirk's tutelages swamped the East Texans 5–1 and played the Bobcats of San Marcos a rousing meet to emerge 2–4. The double win from the Lumberjacks provided a fitting close for the season and a stimulant for hard play in the conference tournament.

Only Broom and the popular "Dutch" will be lost to the '37 squad by graduation. Though no intercollegiate meets were entered by the freshmen, Hluchan, Butler, and Sanner showed promise of bolstering the roster next year.

SIGMA TAU DELTA

The Delta Delta Chapter of Sigma Tau Delta, the national English honorary fraternity, was installed at Sam Houston State Teachers College March 9, 1935, by Dr. A. J. Armstrong of Baylor University.

Junior and Senior English majors, as well as alumni, who have a B average in all subjects are eligible for membership. At present, there are more than one hundred members.

There are four other chapters of Sigma Tau Delta in Texas, and sixty-nine chapters in the United States.

The officers for 1935-1936 are: Dr. Charles O. Stewart, sponsor; Shirley Sue Ball, president; Miss Victoria Frels, secretary-treasurer.

"Y" CHRISTIAN ASSOCIATION

Standing for Christian ideals, service, and fellowship, the "Y" Association has striven throughout the year to bring these values into the life of the campus through regular meetings, devotionals, socials, retreats, and conferences.

For the first time the men and women have combined the two Christian organizations into one association, because of similar ideals and purposes.

An all day retreat, a Freshman "welcoming" party, a Christmas party, and a picnic in the spring, were the outstanding social affairs. The "Y" was fortunate in having Dr. Samuel Guy Inman as the guest speaker for the annual International banquet, co-sponsored by the "Y". Dr. Paul Weaver was another outstanding visitor of the Christian Association.

A two day "goodwill" trip to Nacogdoches was enjoyed by the Association. Two days were spent in Austin at a Cabinet Training Conference by a large group of officers and members. Two delegates were sent to Indianapolis, Indiana, to the Quadrennial Volunteer Conference. The year's work will be climaxed by sending a large delegation of students to Hollister, Missouri, to attend the Southwestern Conference in June.

CLASS HISTORY

We entered Huntsville on September 19, 1932, we came, we saw. Hazing was in its hey-day and the champion hazers of the world were here. The sophomore, junior, and senior years are fun of course, but the freshman year so overshadows them that we look ever back to it. The freshman party came and we were there one hundred per cent. Football games, dances, basketball, track—and how we remember our first football win. Then came the day when we became more organized and decided to put our sign "Fish '36" on the water tower. We did, but lo and behold when morning appeared, some kind upperclassman had erased it with black paint. It seemed that Christmas would never come, but it did and we trucked home to tell the home town people of the fields that we were conquering. Then came the Senior Dance and the end of the term. The first year of our four-year sentence was completed.

As time usually passes on, September 19, 1933 came and we were back in Huntsville to see more. This year we were the upperclassmen and we were in the master's seat, but there were no slaves to be ruled. Out of a clear sky came the opportunity to edit a class edition of the Houstonian, this was a chance that we needed to sling mud in the faces of everyone, except sophomores, and it was done in good faith. The same routine, day after day, except when the monotony was broken by a week-end or a holiday. Then June came again and more of our treasured friends left us by the way-side.

September 1934 and Huntsville once more with one more barrier crossed and two to go over. This year proved more exciting than our sophomore year and we were more pleased. The year started off in good style with the election of good class officers, and excellent sponsors. One night we met on the football field to hold a mass meeting for the benefit of all the students in school—so we thought. The meeting went off in good style with very much bravo front and everyone scared to death to go on and too frightened to turn back. The next day, taking an unfair advantage of the faculty and striking when the dean and the president were out of town, we had our little rebellion. Running true to the form of all revolutionists, we forgot what we were striking for before the cry of "we object, and demand" had died on our lips. So we all signed a petition, not even knowing what we were signing. Well, the story will be made short by saying that nothing was gained by the revolution except the knowledge that we were fools. Then June and swimming time came around again.

September 1935—Boy, it's good to be back for the last time. We hustled about getting programs straightened out and dropping courses that we didn't need or that were not saps. Then to the dean's office to have credits checked and to drop more courses. We broke down old traditions and got a special train to Beaumont only to establish the old tradition firmer. Then the Centennial came and we all took an active part in that—not because we wanted to, but because it was compulsory. Practice teaching now takes its appearance and we are the victims —its a great life if you don't weaken. Practice teaching conferences each Thursday evening and this proves to be a help in our teaching field. Senior dance and Graduation for the last time. "Vine, vinci, victus"—we came, we saw, we conquered.

ADVICE TO THE LOVE LORN

To Carolyn Lindley—A nickel is still a nickel, and one doesn't ask the boy friend for a fur coat when he doesn't even have a job.

To Ruby Nell Cheatham—You are doing very nicely, but remember that someday his I. Q. might improve and then the situation would become complicated.

To Doris Hardie—One doesn't hustle dates for the whole Oklahoma team and then want a late date with the boy whom she has been going steady with for a number of years.

To Clorice Coleman—It's possible that you never will be engaged again in the next 15 years of your life unless your temper is controlled and remember that profanity isn't a lady-like thing to use. Another thing, don't tell the new boy friend about the old—he's not interested.

To Louise Tate—You had better stop going to all these A. and M. dances if you expect to remain true to Mutt. Otherwise, go ahead.

To John Douglas Weems—It never looks right for a girl to get at least four boxes of candy on Valentine and then hear her say that she is in love with one guy. Better reconsider, Johnny.

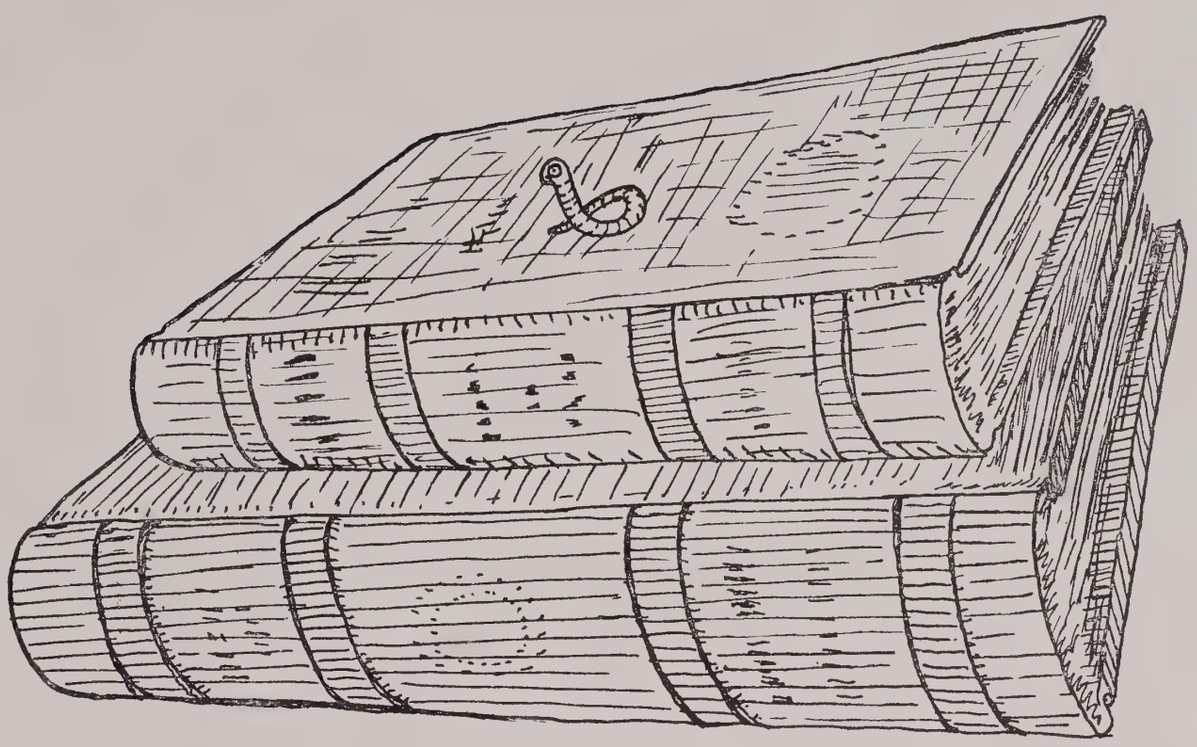

To Frances Burnett—You better hold on to Woodson and stop going with all these college guys. Woodson will catch on one of these days.

The following students are excused from classes because of lovesickness:

BOOK WORMS

These people are known as the good-old book-worms. They have to be on every campus and Sam Houston is fortunate in having quite a few. These people have never found out where the picture-show is or where the Co-Ed is situated. They never have dates because they have to study. Their lessons come before everything and they will never possess enough College Spirit to say that they are college students.

Perry Broom
Allen Brown
Frances Floyd
Margaret Propes
Spencer Ward

THE HALL OF SHAME

Bonnie Patton, because she is conscious of the fact that her Father is a Senator when it doesn't make any difference on the campus.

Ralph Andrews, because he thinks that no other one ever knew how to write or ever wrote.

THE HALL OF SHAME

Billie Jo Burns, because she's such a chump to listen to people and believe anything they say. Also because she is kin to Doris Bowen.

Glen Mae Woodall, because she is still giggling. She has never learned the first fundamentals of holding her man, or leaving other girls' men alone.

DIRTY DIGS

The following "doity-digs" taken from the Houstonians of the school year, 1935-1936, were chosen as the best to represent this weekly column in The Alcalde.

Who could be so important to Noble Armstrong that he cuts himself in four places shaving, and burns out the lights on the Model Q, not to go to the Singletary House but in the opposite direction? Is "Granny" Griffits slipping?

O O O

Fan Leigh is not doing bad herself. The old saying still holds true. "When the cat's away, the mice will play." Better come home, Charlie, the largest boy on the campus is feeding her out of his hand every day.

O O O

Attention: Girls that are wanting to learn to dance, call 456 and ask to speak to the dancing instructors who are none other than O. R. and M. C. H. They seem to know all the best dancers on the campus.

O O O

Why is it that the boys at the Barn stick together so well? Just try and find out about one of them having a date, and see what they tell you. I think they all say, "I did not see him at all last night."

O O O

Little Gibson is one of the Campus' most beautiful girls. Billy White thinks so too when Cheatham is trifling on him.

O O O

Northington House seems to be going in for types this year. There's Sarah Sutton, the sophisticated type; Bonnie Patton, the vivacious type; Corine Turner, the sweet and demure type; and "Peanuts" Hardy, the Holzheuser type.

O O O

Graham's free taxi comes in handy when she just has to get to Phelps to catch the train.

O O O

Clara Bell seems to think she needs practice in housekeeping other than majoring in Home Economics. Some reporter hound Oscar.

O O O

The "Street Singer" has invaded the Lawlis house in the form of Joe Harris, accompanied by his singing buddy Bourgoyne. Now the inmates of the house are thinking of taking a course in music appreciation.

O O O

We wonder what Frances Burnett and Ann Montgomery are going to do without their publicity man. You know he's the one that tried to rate Frances as the best dancer on the campus but the boys just laughed and laughed 'cause they knew all the time she wasn't—but Ann didn't need any help in giving publicity to her dancing—we wonder why.

O O O

Nominations for the Hall of Shame: Clarence Thomas, because he's posing as a married man. Alyne Beazley, because she's true to no one. Ruby Nell Cheatham because she trifles on Billy White. Lois Sterling, because she's the mayor's daughter. Minnie Maude Harlow, because she goes with David Wright. Glen Mae Woodall, because she didn't rate this column this week. Dorthea Francis, because she refuses to speak to people she knows. Bonnie Patton, Corine Turner, and Nell Daniel, because they have rated this column every week. Charles Quinn, because he ran a "Dark Horse" in on us for the East Texas State Teachers College game. Dutch Holzheuser, because he doesn't know when a girl is gazing in his eyes.

O O O

So Lamar brought his little-brown-eyed girl home again —"Please dont' let your strong arms drop me as you take me up the steps"—says Marguerite Schneider.

O O O

Somebody told me to ask John Phillips to keep his dignified air just for the Wynnes and not to inflict it upon the students of the campus.

O O O

Extra—Flash of the week: Mad dog loose at the Wilder house terrorized Estill Hill. Practical jokes can go too far, but this was the best of the year, or was it, Etheridge?

O O O

Anyone desiring lessons in man handling apply to Alyne Beazley, Singletary House. Anyone desiring information on how to take it (We call it henpecked), ask Julian Haymon.

O O O

This Waid and Lindley affair has gone far enough. It's time some of the other college boys got a break. That Waid gal is plenty cute—so sigh the wistful males.

O O O

Robbing the cradle seems to be the thing this year. Frances Floyd evidently enjoys the Demonstration Beau Brummel, not alone for his lithe and graceful mien but for the protection afforded.

O O O

Charlie Quinn's trip to the hospital brought forth startling results. We had under-rated Charlie's ability. Ask any of the Eclectic pledges for a detailed account. What next?

O O O

Notably absent at the dance was the queen of Sam Houston. Was Houston calling or was the dance a little too rural?

O O O

Our personal nomination for the dumbest guy on the campus is Idiot Wetherall. His personality shines forth and hides some of his dumbness so that only his friends are really aware of it.

O O O

Dick Barrett is in the market for another girl these days. He wants one with a radio as he gave the last one a radio and she quit him. Anyone interested apply at the "Co-Ed," and for references write to Nadine Allison, Glasscock House.

O O O

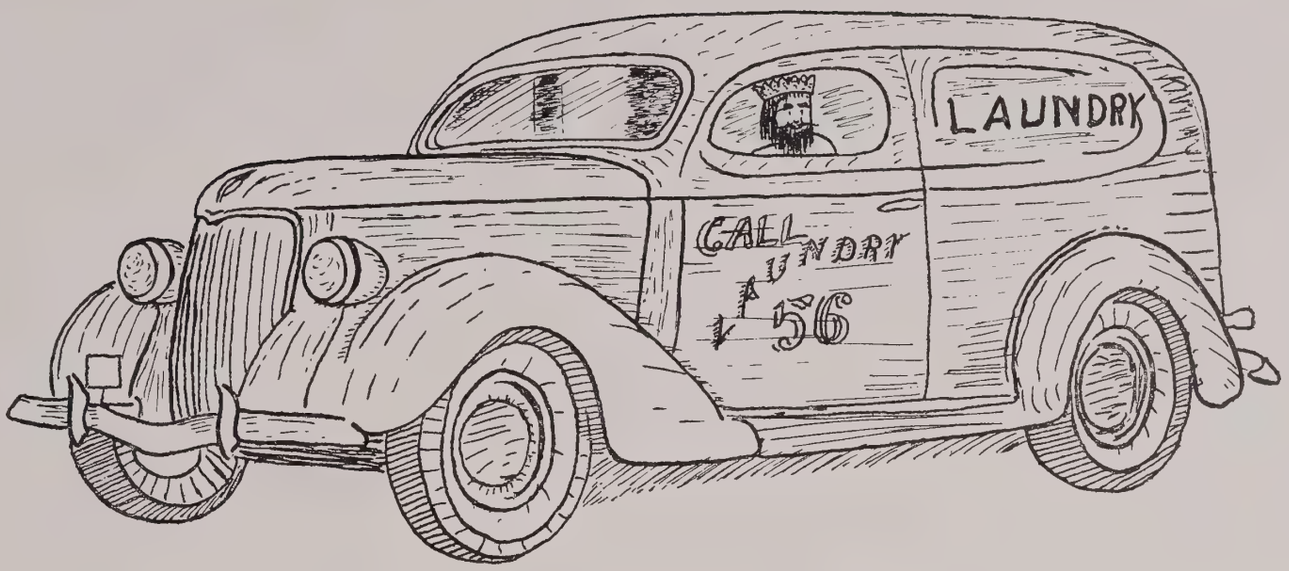

We thought the nickel piano days were past, but it seems as if "Pro" Vincent and manager Bob Thomas are continuing the old method of music. A nickel in Bob's hand,—a piece on the piano by Connie. It isn't such a bad idea after all, huh?

O O O

The Beeson, Cruse, Weems triangle has taken the form of a rectangle. It is open for competition and there seems to be no reason why it shouldn't become a polygon.

O O O

Ina Ray Hutton evidently had the students on a see-saw this week-end—no wonder the boys can't see the Co-Eds today—They lack that certain something.

In an election that stirred the campus, John Phillips was elected King of Sam Houston State Teachers College for the second time. He was boosted by Billie Joe Burns, who sat on the street corner begging nickels. The qualifications for king were as follows:

1. Must not be able to rate a date on the campus.
2. Must be the kind that is always bumming off of some one else.
3. Must work for a cleaning business or laundry.
4. Must be in love with a girl that cares absolutely nothing for him.
5. Must have had at least two complete failures at love.

King Phillips fills every one of these qualifications.

OPINIONS DIFFER ON THE CAMPUS

There is that ancient conflict between faculty and students, one representing fickle youth and the other signifying settled maturity. The difference in opinion is concerning the question of places that students attend. Some students fail to read from cover to cover that little yellow handbook. The questions have not been definitely settled, but it is generally agreed that one place to steer clear of is the Crockett dances.

THAT SOUTHERN DRAWL

S-a-r-a-h S-u-t-t-o-n steps to the front with the correct way to speak the Southern style of English. As Mrs. Nebb once said, "Some people are not very proud of being themselves because they are forever trying to give the impression that they are someone else." We wonder if Sarah ("Sally"—by her own choice) had rather be a Montgomery negro than "Sally" Sutton. After all, we hear that negroes are marvelous dancers.

NIGHTINGALES

There is the one about the two Sam Houston nightingales, Bourgoyne and Harris, singing (or could you call that noise singing?) *Ah Sweet Mystery of Life* to the loudly giggling Opal Runnels. This takes place daily between biology classes. I think the boys are trying to get a "tryout" with Major Bowes.

SPRING HOLIDAYS

Many people are wondering where John Phillips disappeared to during several days in April. The days correspond to Spring holidays at Sophie Newcomb. We understand that the water in the Mississippi has been getting cooler around New Orleans ever since his return to God's country. How about it, John?

THE POWER BEHIND THE THRONE

This campus is very fortunate in having a couple of Hitler-Mussolinis in our midst in the form of two females. These two females reign supreme and have only to raise a finger or utter the magic word and the person in question fades away from popularity and is heard of no more. Our advice to these two girls who have so much power is that they should wave the wand and bestow a little popularity on their own heads. One of these beautiful girls still dreams of Bill Crane (and uses Swede Hill for a chump) while the other murmurs Arnold Orsak.

APRIL FOOL'S DAY

The Freshmen took this day for their own. It proved to be quite a success until twelve that night and then the fun was reversed. The freshmen really showed up some upperclassmen. We even had some girls to lock themselves up in their rooms. The upperclassmen boys were thrown in the lake but were so "green" that even the fish couldn't eat them.

COLLEGE ELECTIONS

Once upon a time we had a college election and because a certain person wasn't elected, he proudly printed in his newspaper an article to the effect that all ballot boxes are stuffed. We wonder if he didn't acquire his office that way? This person is none other than Ralph Andrews, the boy who sees all, knows nothing, and prints all. The editor is fair to all concerned until there is something to be printed on him and then there is a red pencil drawn on it. We notice also that Nadine Allison isn't rating the digs much now. Is it because she is going with Ralph or is it due to the fact that no one notices her now?

In Ralph's staff, he has Kennedy Porter as sports editor. He's the eighth wonder of the world who never saw a major athletic contest in his life, never entered any kind of contest (not even Sol) and yet tries to write up sports. Most of his material is merely heresay.

NORTHINGTON HOUSE SLUG FEST

Extra! Extra! The Northington House is the home of two feather-weight fighters in the women ranks. Strange as it may sound to the reader, both hail from Madisonville. They have only fought three rounds before an audience but the ticketholders all said it was worth the price. We are sorry that we can't tell who the winner was but it seems that it was a draw, ending by the two disowning each other's relatives. This was all seen through a key hole; however, anyone on the campus can give you a full summary of the fight.

HOUSTON HALL

House President—"Kadet" Mug Beason.
House Colors—Khaki (tree monkeys and cadets).
House Song—"Goodby to Texas University."
House Chump—Catherine Switzer.
House Motto—"Tend to everyone else's business but your own."
Sergeant-at-Arms—CCC Hickman.

Mary Clem Hickman should be given a whole page in this section so that she might be able to tell all the Co-Eds all about the art of breaking dates, but owing to the limited number of pages it is entirely impossible to dedicate a page to the ART OF BREAKING DATES.

A word of advice to the Houston Hall—If you want enemies, excel others; if you want friends, let others excel. —Cotton.

Owing to the fact that there were so many in the association it was a close race for officers. The race for presidency looked as if it favored William King, but Cortemeglia made a finish that was well fought and well earned and won the election over King by 1 (one) vote. Mary Clem was given honorable mention because of the date she broke with Edward Legg.

WE SUGGEST THAT

1. Lois Sterling buy a jar of olives to carry around in a handbag instead of bumming them out of everybody's coke at the Co-Ed.
2. Margaret Beason shut up talking about the wonderful school at College Station established for the training of gunfodder.
3. Lee Beeson buy a date book for all the boys at the "Barn" to sign before going out on a date .
4. Opal Runnels not open her mouth so wide; it's dangerous,—someone might fall in.
5. Julius Bourgoyne quit dying his mustache; we believe it would look better white.
6. The College buy or rent from the state penitentiary, number plates to be placed on the backs of students attending chapel.
7. Carolyn Lindley learn how to talk before she needs false teeth.
8. Lamar Parish buy his own coffee for a change.
9. Margaret Houston attend another school; with her name she hasn't got a chance to be called upon the mat in the Dean's office.
10. Dr. Weber use a little more sarcasm in his classes.
11. Houston Hall buy more comfortable furniture for the parlor.

THE BUSINESS MANAGER.

Sam Houston

The name of this cafe honors our Texas hero—Sam Houston who spent many hours on this corner discussing politics with his fellow townsmen and whittling small curios or useful objects which he finally bestowed on some admiring boy.

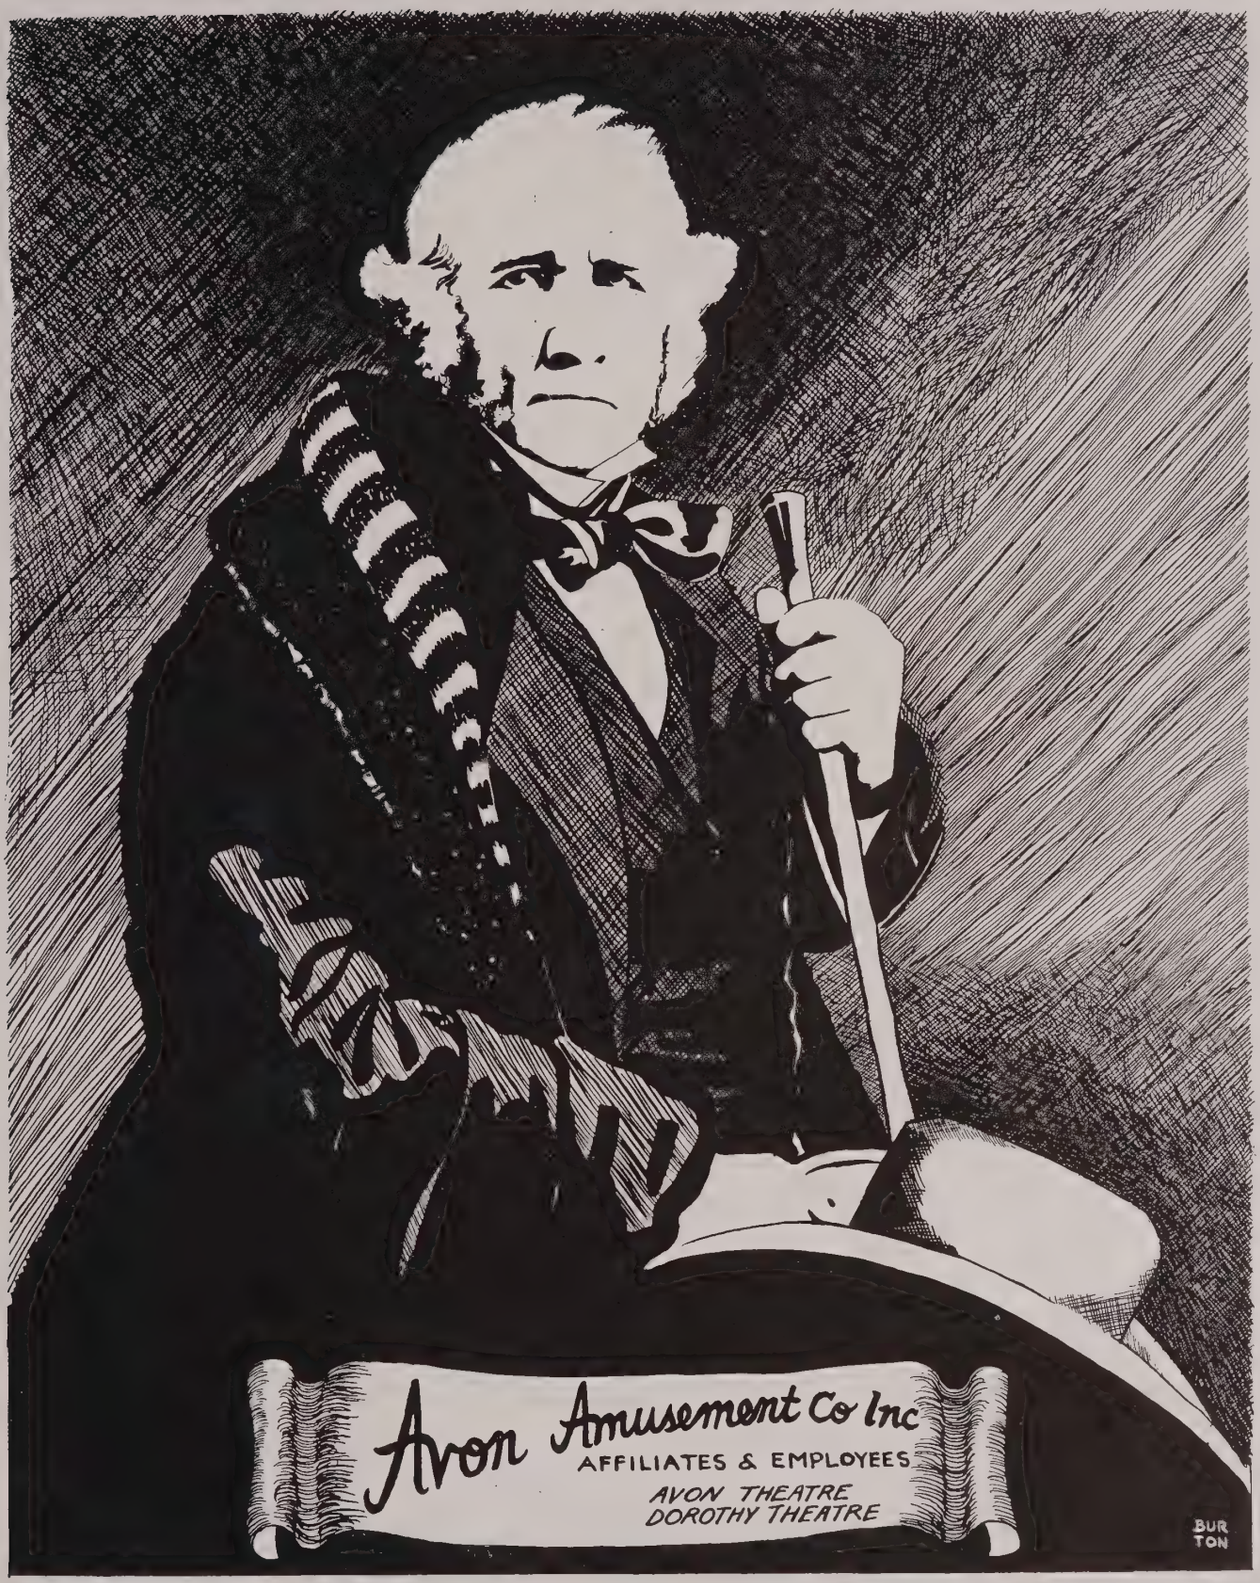

In his rebellious youth he left college to roam with and be adopted by the Cherokee Indians who gave him the name of Co-lo-neh—THE RAVEN.

Whenever afflicted by unbearable sorrow or disappointment he threw off the garb and high offices of a cruel civilization to find solace and strength among the children of the forest. In the wigwam of his foster-father Oolooteka THE RAVEN dreamed of a new empire—Texas—which six years later his military genius created at San Jacinto and his statesmanship perpetuated.

He named his country place fourteen miles east of here RAVEN HILL and at all times gave evidence of his confidence in and affection for the tribes who journeyed here each year to smoke the pipe of peace and council with their brother—THE RAVEN.

In their words to him we greet you:

"My wigwam is yours—
"My home is yours—
"My people are yours—
"Rest with us."

Down the Field of Life.....

Twenty-five yard line—going strong! Thirty-five—still fine! Past mid-field the resistance stiffens. Into the scoring zone the game calls for every ounce of speed, determination and ability. If you carry the ball over the goal line—You're good!

In the struggle for financial security it is much the same. But the Life Insurance Plan helps all the way through. First it is insurance protection for your parents, then your family. Finally a life income for yourself in your own old age—the last hard stretch.

IT PAYS TO LEARN

The Better Way is The Electric Way

A bargain, you know, is a matter of value, not price alone. There will always be a cheaper way than the electric way of doing things, no matter how low in cost electricity may be.

Families can cook for nothing, just as cave men did ages ago. But people don't cook on camp-fires, except on picnics, although it is the cheapest way to cook, any more than they walk if they can afford to ride, although walking costs nothing.

On the remote farm, even today, they hang perishables in the well, or spring. It's not very good refrigeration, and is very inconvenient, but it is free. Electric refrigeration, however, is so much better and so low in cost . . . is anyone going back to a well just to have free refrigeration?

Families, in growing numbers are turning to electricity for water heating because they want value, not price alone. Electric rates are low. No family of ordinary means needs deprive itself of convenience for the home.

joins other Texas institutions in welcoming to the world of industry and commerce the members of the Class of 1936. The state you live in offers many opportunities to alert men and women; its resources are varied, and their development has only just been well begun. Much of the work of realizing to the full Texas' agricultural, industrial and commercial possibilities must rest in your hands. You will find, today as for these hundred years past, success awaits the trained young Texan with initiative, energy, intelligence, honesty and the ambition to succeed.

A NAME
And What It
Stands For!

That same impulse that leads one to look for the Karat mark on gold . . . or the Sterling mark on silver . . . leads one to look for the label on an article of merchandise.

If the label says "Sakowitz Bros." . . . the article is immediately accepted as genuine . . . and ultimate satisfaction is a foregone conclusion!

Back of every piece of merchandise in this great store there is a stern guardian of its quality! Consistently careful . . . extremely cautious . . . ever vigilant that nothing shall enter that does not reflect credit on the name of Sakowitz.
